

### Specifications

#### STANDARD CONSTRUCTION

- Bulkhead ..... 14 gauge galvaneal steel
- Compartment bottoms.... 14 gauge galvaneal steel
- Compartment Tops/Inside Centers 14 gauge galvaneal steel (one-piece seamless design on units up to 132" long)
- Crossmember – front..... 7 gauge formed (one front crossmember)
- Crossmember – intermed. 7 gauge formed
- Crossmember – rear ..... 7 gauge formed (one rear crossmember)
- Doors ..... 18 gauge galvaneal steel outer panel and 20 gauge galvaneal steel inner panel with 20 gauge galvaneal steel hat section reinforcement and center hinge design
- End panels ..... 14 gauge galvaneal steel (front and rear)
- Fender panels ..... 14 gauge galvaneal steel with rubber fenderettes
- Floor ..... 12 gauge treadplate steel
- Intermediate panels..... 14 gauge galvaneal steel
- Kick plate ..... 10 gauge galvaneal full-width
- Shelving ..... 16 gauge high-spangle galvanized steel (250# capacity)
- Tailgate ..... 16 gauge galvaneal (double panel, formed construction)
- Body construction is welded.
- Flush outside body surfaces with unexposed edges for rust-resistance

#### STANDARD FEATURES / EQUIPMENT

- Vinyl-coated aircraft cables on horizontal doors.
- Spring-loaded vertical door holders (double spring to hold door in open position).
- Doors have beveled edges for improved weather seal.
- Automotive bulb-type door seal (factory installed).
- Drip rail runs the full length of the body and provides extra protection against water leakage.
- Fender has radius opening with rubber fenderettes.
- Door hinge rod is full-length cadmium-plated with rivet-on zinc-cast hinge blocks and nylon bushings.
- Lock cylinders are keyed alike with double-bitted keys.
- Body mounting kit (bodies have universal understructures).
- One-piece seamless compartment top and loadspace inside center for 108" and 132" long bodies. Two-piece compartment tops and loadspace inside center for 144", 150", 156", 168" and 180" bodies.
- Rotary door latches with stainless steel paddle handles and galvaneal steel pans. Latches are rivet-on for ease of removal for repair or replacement.
- Shuttle cutout (11" x 16") between the horizontal and rear vertical compartments provides extended storage from the horizontal compartment into the rear vertical compartment (streetside only).
- Striker is adjustable, weld-on.
- **Tailgate** – Two point slam-locking, removable and features anti-rack/rattle hardware.
- Vertical weatherstrip shields door hinges and hinge rod and provides extra protection against water leakage. Weatherstrip is seamless design on front end panels.
- Vertical compartment bottoms do not have any offsets. This provides more useable space, allows full-height adjustment of material trays and shelves, and enables full-height drawer packages.
- Weld-on grab handles (one curbside rear and one streetside rear) for loadspace access.
- **Prime paint** is a high-grade automotive type. Bodies are cleaned with a high-temperature, high-pressure chemical solution prior to prime painting.
- **Undercoating** on underside of floor and wheel wells.
- **STAHL's** exclusive 5-year "No Rust, No Bust" **warranty**.

Continues on reverse side.

## COMPARTMENTATION

COMPARTMENT	BODY SIZE	CURBSIDE	STREETSIDE
Front Vertical	All	Two (2) adjustable material trays with adjustable dividers	Two (2) adjustable material trays with adjustable dividers
Horizontal	All	One full-width adjustable (bolt-in) material tray with adjustable dividers	Open
Rear Vertical	All	One (1) adjustable material tray with adjustable dividers	One (1) adjustable material tray with adjustable dividers

## DIMENSIONAL SPECIFICATIONS

Compartment Depth	21"
Floor Width	54"
Overall Body Width	96"
Front Vertical Length	Varies depending on body size
Horizontal Length	52"
• Clear Door Opening	47.25"
Rear Vertical Length	Varies depending on body size
Vertical Compartment Height	48"
• Clear Door Opening	43.13"
Horizontal Compartment Height	21"
• Clear Door Opening	18"
Floor to Compartment Top Height	29"
Floor to Compartment Bottom	19"
Tailgate Height Above Floor	9.5"

## OPTIONAL EQUIPMENT

- Bar Lock (Rotary)
- Bumper
- Dome Lights
- Drawers
- Hitches
- Hooks
- LED Light Kits
- Louvers
- Low Sliding Roofs
- Paint and Installation
- Pipe Carriers
- Shelves
- "T" Handles
- Tailgate
- Tank Compartment
- Tie Down Rings
- Trays
